

INDOOR CHANGE MACHINES

EASY PRO

The most versatile
change machine

**THE BEST-SELLING CHANGE MACHINE**

The 32-bit CPU provides functions normally present only on change machines of higher range and price, such as importing/exporting configuration parameters, exporting accounting data and the useful function of machine cloning. The reinforced closing mechanisms make Easy PRO one of the most secure change machines on the market with respect to attempts of tampering and fraud. Easy PRO fits perfectly into all environments: shopping centres, gyms, airports, service stations, arcades, offices, bars and internet cafés.

FEATURES

- Holes in the cabinet for fastening the unit to other machines or to external structures such as columns or pillars
- Internal on/off controls to prevent tampering
- Pivoting door to facilitate dispenser-loading and cash box removal operations
- 32-bit CPU with SD-Card. Exporting of accounting data and importing of configuration parameters via SD-Card
- Connection of peripherals via ccTalk
- Distribution of coins or tokens Bonus function for tokens
- Coins/tokens dispensed automatically or manually
- Machine cloning function
- Special cover for the dispenser's extension: prevents coins from falling out in the event that the machine is tipped over
- Wide range of installation options:
 - Wall mounted (thanks to the Easy UP kit)
 - Countertop
 - Wall mounted by means of 3 anchoring bolts to be inserted at the back of the device
 - Free-standing on its base (optional)

TOOLS

- Multiconfig
- Software to configure the change machine

INSTALLED PERIPHERALS

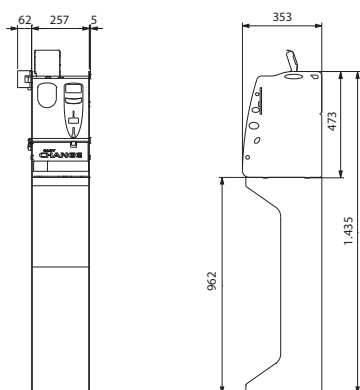

- Hopper Evolution
- NV9 USB+/NV10 USB+ banknote reader

OPTIONAL ACCESSORIES

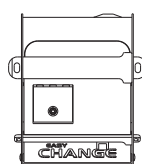

- Kit for reinforcing change machines already in use
- Support base
- Easy UP installation kit
- Reprogrammable locks
- Steel protective bars

OPTIONAL PERIPHERALS

- RM5 HD coin validator
