FUNCTION UTILITY

Discount, promotion and bonus management
 Efficient management of discounts and promotions to increase customer retention. A barcode can be added to the receipt to allow the user to take advantage of limited time promotions during a set period of time.

User-friendly experience

The wide 17" touch display enables quick and easy access the washing or drying machine.

Simple maintenance

Through the back door it's possible to empty the hopper, the banknote reader and the cash point. Possibility to charge the card dispenser and change the paper in the thermal printer (where present).

OPTIONAL ACCESSORIES

- Flange for recessed installation
- 3BIOVEL boards
- Customisable graphic label by quantity

LAUNDRY PRO OFFERS MAXIMUM FLEXIBILITY

LogMeIn software enables remote managing and programming. The specific App for Android can activate the machine and process the data, possibility to receive emails and SMS messages to be always up-to-date. Thanks to the optional QR-code reader, you can set large scale promotional campaigns and targeted pricing policies.

PENDRIVE DATA HANDLER
