

ACTIVATION SYSTEMS

# MYPOS

Bankcard Payment Solution

## AUTOMATE AND ACTIVATE SEVERAL SERVICES

MyPOS combines MyService with a POS system, providing automated bankcard payment services at service areas, self-service laundromats, sports and tourist facilities, public services and timed lighting.

## FEATURES

- Easy service activation: Enter service number using the anti-vandal keypad and pay with a bankcard
- Compatible with most contactless bank card payment systems
- Manage and automate as many as eight services
