SPS-50C

**Versatile Smart Payment Solution**

Consumer-facing coin recycling solution

Back-office coin recycling solution

OPTIMIZE CASH PAYMENTS AND CASH MANAGEMENT ACROSS RETAIL BUSINESS

PayComplete's SPS-50C is a highly versatile under-counter coin recycler designed for both consumer and cashier facing front-end retail applications as well as being perfectly suited as a small back-office coin recycler in partnership with the SPS-50N (note recycler).

As a front-end solution, the SPS-50C can be positioned as either a cashier facing coin recycling solution designed to improve service by speeding up the check-out process, or as a consumer facing coin acceptance device, in both scenarios paired with either PayComplete's SPS-50N or larger SPS-100N (note recyclers) as an under-counter smart payment solution.

As a back-office solution, the SPS-50C is an efficient cloud connected small coin recycler paired with its natural partner the SPS-50N or the larger SPS-100N enabling complete visibility of cash movement and availability whilst providing automated reconciliation.

FEATURES

- Front-Office & Back-Office ready recycling device
- Small under-counter design
- No physical front locks = keyless cloud-access and password protection (manual back-up)
- Embedded native CoD (Connect) engine

- Real-time access level operator rights changes (open, empty etc)
- Unique customisable frontal for complete integration into retail furniture
- High security 6mm Front steel panel and 3mm fully welded cabinet
- Major CITs pre integrated

- Fully hardware agnostic cash management solution - Connect Front-Office & Back-Office ready recycling device

BENEFITS

- Improve consumer experience with intuitive automated checkout

- Unique and dramatic targeted retail advertising platform

- Automated reporting and reconciliation across all devices

- Reduced cash shrinkage and counting shortfalls

- Optimize staff productivity reducing shift change times

- Increased In-store security and reduced threat to staff

- Full traceability of access at all levels via cloud platform

- Complete visibility of all cash movement across the business through centralised platform

- Enables integration of non-PayComplete devices into closed-loop cash management solution

- Ease of integration with PoS solutions (Back-End & Front-End) via native LucidPoS application

UNIQUELY CUSTOMISABLE

A customisable front makes the SPS range completely unique in the market and, enables multiple possibilities from out of the box or seamless integration into store furniture, to a new platform for previously unavailable marketing and advertising opportunities.

SEAMLESS EXPERIENCE

Customers can pay quickly, cleanly, and easily with notes at checkout. Store staff can focus on delivering the best possible customer experience.

PROPRIETARY SOFTWARE

PayComplete's Connect™ not only provides a complete view of all devices, monitoring usage, enhancing security and facilitating maintenance, but also gives full visibility of cash status in real-time.

SMOOTH CHECKOUT

An intuitive under-counter solution designed to enable fast payment via best-in-class note verification and change dispensing functionality. A device which makes buying simple and effortless sees consumers returning time and time again.

MULTIPLE APPLICATIONS

SPS-50C with its sibling the SPS-50N is a perfect solution for a range of business types – retail, hospitality, grocery, QSR, travel & transport.

SIMPLE INSTALLATION

The compact under-counter design allows SPS-50C and its siblings to fit under the counter, and PayComplete's Connect™ software offers quick and easy integration into any PoS solution or application.
