

SPS-50N

Versatile Smart Payment
Solution

Consumer-facing note
recycling solution

Back-office note
recycling solution

OPTIMIZE CASH PAYMENTS AND CASH MANAGEMENT ACROSS RETAIL BUSINESS

PayComplete's SPS-50N is a highly versatile under-counter note recycler designed for both consumer and cashier facing front-end retail applications as well as being perfectly suited as a small back-office recycler in partnership with the SPS-50C (coin recycler).

As a front-end solution, the SPS-50N can be positioned as either a cashier facing note recycling solution designed to improve service by speeding up the check-out process, or as a consumer facing note acceptance device, in both scenarios paired with PayComplete's SPS-50C as an under-counter smart payment solution.

As a back-office solution, the SPS-50N is an efficient cloud connected small note recycler working in conjunction with its natural partner the SPS-50C or other PayComplete coin recyclers, enabling complete visibility of cash movement and availability and providing automated reconciliation.

FEATURES

- Front-Office & Back-Office ready recycling device
- Embedded native CoD (Connect) engine
- No physical front locks = keyless cloud-access and password protection (manual back-up)
- Small under-counter design
- Real-time access level operator rights changes (open, empty etc)
- Unique customisable frontal for complete integration into retail furniture
- High security 6mm Front steel panel and 3mm fully welded cabinet
- Major CITs pre integrated
- Fully hardware agnostic cash management solution - Connect

BENEFITS

- Improve consumer experience with intuitive automated checkout
- Unique and dramatic targeted retail advertising platform
- Automated reporting and reconciliation across all devices
- Complete visibility of all cash movement across the business through centralised platform
- Increased In-store security and reduced threat to staff
- Full traceability of access at all levels via cloud platform
- Reduced cash shrinkage and counting shortfalls
- Enables integration of non-PayComplete devices into closed-loop cash management solution
- Ease of integration with PoS solutions (Back-End & Front-End) via native LucidPoS application
- Optimize staff productivity reducing shift change times

CONSUMER EXPERIENCE

Customers can pay quickly, cleanly, and easily with notes at checkout. Store staff can focus on delivering the best possible customer experience.

SIMPLE INSTALLATION

The compact under-counter design allows SPS-50N and its siblings to fit under the counter, and PayComplete's Connect software offers quick and easy integration into any PoS solution or application.

FAST CHECKOUT

An intuitive under-counter solution designed to enable fast payment via best-in-class note verification and change dispensing functionality. A device which makes buying simple and effortless sees consumers returning time and time again.

APPLICATIONS

SPS-50N with its sibling the SPS-50C is a perfect solution for a range of retail types – retail, hospitality, grocery, QSR, travel & transport.

BEST OF BREED SOFTWARE

PayComplete's Connect platform not only provides a complete view of all devices, monitoring usage, enhancing security and facilitating maintenance, but also gives full visibility of cash status in real-time.

COMPLETE CUSTOMISATION

A customisable front makes the SPS range completely unique in the market and, enables multiple possibilities from out of the box or seamless integration into store furniture, to a new platform for previously unavailable marketing and advertising opportunities.
