**SMART SAFES**

# SDS-15C

## Back Office
## Cash Deposit Solution

The SDS-15C is a modular coin deposit machine for up to 3000 coins. Perfect as a back-office cash deposit solution, it comes with three different coin storage options allowing it to cater for a wide range of currencies. In addition, there is also the possibility to use the machine for envelope drops. The modularity in design allows the machine to be paired with the SDS-300 and any of SDS-5X0 series while also allowing it to serve as a standalone machine connected to PayComplete PC. The SDS-15C has been designed with both operation and service first in mind, optimizing uptime and increasing operational efficiency.

## FEATURES

– **Efficient**
The PayComplete Smart Deposit Solution reduces the cost of cash handling through internal optimization and fewer CIT collection visits. Store up to 3,000 coins.

– Small footprint at only 150 mm wide

– Possibility for envelope drop

– **Convenient**
Our Connect on-Device platform makes it easy to identify and troubleshoot any issues. Receive device alerts via SMS and e-mail through the cloud-based cash management system Connect.

– Operated fully via CoD, i.e. no keys

## BENEFITS

– Lower labor costs; ability to redeploy staff to value-added activities

– Loss prevention, reduced shrinkage, cash is secured

– Provides real-time provisional credit Compatible with Connect On-Device™
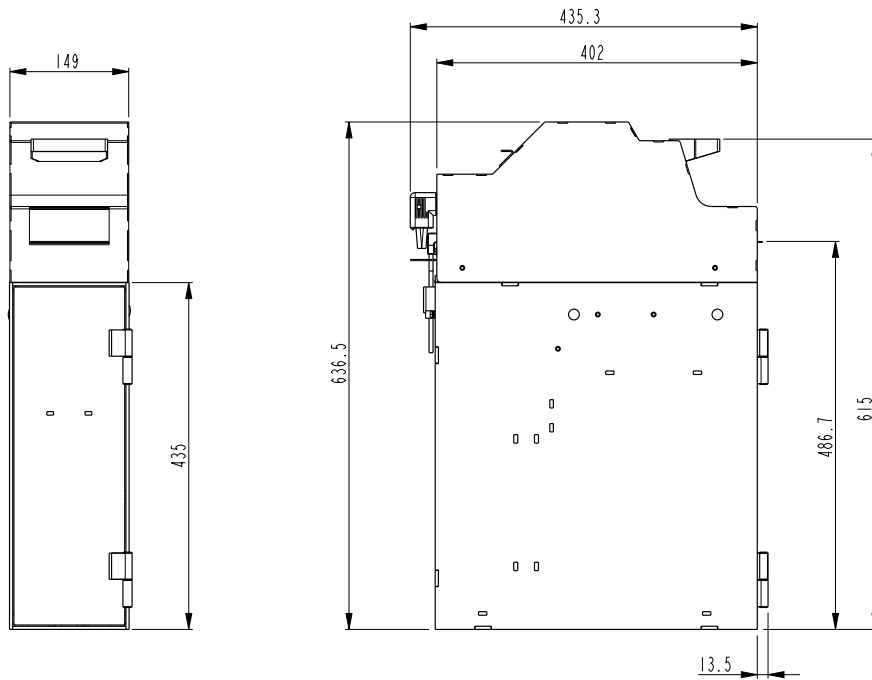

– Enterprise operating system

**Example of installation, here together with SDS-520**
