

## SC-8330

### 2+1 Pocket Banknote Fitness Sorter

The SC-8330 is a highly reliable and portable desktop value sorter designed for industries that require fast and accurate banknote counting and sorting. This 2 + 1 value sorter efficiently authenticates and processes most major currencies, while seamlessly integrating with your back-office monitoring systems.

#### Key Features

##### Advanced Sorting Modes

Supports fitness sorting, denomination sorting, face/orientation sorting, and version sorting

##### Fitness sorting Criteria: Fold, Graffiti, Hole, Soil, Stain, Tape, Tear

##### Dual-user Operability for Increased Efficiency

##### Easy Access to the Note Transport Path

For quick cleaning and maintenance

##### Detailed Reporting Function

##### Serial Numbers and Counting Results

Instantly printed on an external thermal printer (optional)

##### Software Updates Available via SD card or LAN

##### Advanced Self-check System with Picture-based Error Messages

##### Clear and Bright 5.0" TFT Colour Touch Display

Providing an optimal status overview

##### Built-in Dust Collection System

#### Key Benefits

##### Enhanced Efficiency

Designed for simultaneous counting and sorting, the SC-8330 separates rejected notes while full batches are collected from one of the stacks—ensuring uninterrupted workflow.

##### Counterfeit Detection

Advanced sensors provide precise identification of counterfeit or suspect notes, significantly reducing financial risk.

##### Compact Design

Ideal for environments with limited space, while still providing powerful and reliable performance.

##### Intuitive Operation

A user-friendly interface reduces training time and supports smooth adoption by operational staff.

## Technical Specifications

<b>Dimensions (WxHxD)</b>	310 x 450 x 390 mm
<b>Free Counting Speed</b>	1200 notes/minute
<b>Value Counting Speed</b>	1000 notes/minute
<b>S/N Reading Speed</b>	900 notes/minute
<b>Fitness Sorting Speed</b>	900 notes/minute
<b>Hopper Capacity</b>	1000 notes
<b>Stacker Capacity</b>	200 notes * 2
<b>Reject Capacity</b>	100 notes
<b>Sensor</b>	Dual CIS, MG, MT, IR, UV, Mechanical Thickness
<b>Screen</b>	5" touch display
<b>Power Supply</b>	AC100-240V, 50/60Hz
<b>Power Consumption</b>	≤ 160W
<b>Interface</b>	RJ9, DB9(RS-232), USB, LAN, SD card slot
<b>Operating Temperature</b>	0°C ~40°C
<b>Net Weight</b>	24.6 Kg
