

PayComplete Exhibiting at Intertraffic in Amsterdam

De Meern, Netherlands, March 17, 2022

PayComplete will be exhibiting at Intertraffic 2022, taking place in Amsterdam, Netherlands, from March 29 to April 1.

At Intertraffic, PayComplete will be demonstrating its ConnectCube program, a development kit that, when combined with PayComplete's Connect platform, allows transactional device manufacturers to rapidly design and launch new solutions.

PayComplete's Connect also helps operators quickly reconcile cash against ticket sales in real time, streamlining operations.

PayComplete will also be displaying highlights from its offering, including individual components and complete solutions for OEMs and operators, including coin and bill recyclers, validators, coin hoppers, kiosks, and more, as well as an extensive range of cash management solutions for ticketing and payment systems.

"As a company, we've been on a journey to unify our value proposition, bringing together the software, hardware devices and services from various acquisitions around the globe." said Jurgen Leijdekker, CEO. "Our new brand, PayComplete, tells the story of how we simplify in-person transactions, as consumers and employees increasingly want to perform transactions themselves—be it on self-checkout devices, vending machines, kiosks, smart safes or bank lobby devices. What differentiates us in our industry is that we are the only company with a unified software platform built to support any transactional device, be it our own hardware or that of others."

A highlight of the PayComplete's presence at Intertraffic will be demonstrations of the ConnectCube development platform, which we created for companies looking to design and build kiosk solutions for financial transactions. PayComplete's Vice President for the Transportation Sector, Steve Fitton, stated, "With our ConnectCube platform, developers will find that the time to market for a kiosk for a financial transaction can be drastically reduced".

The PayComplete team at Intertraffic will be offering demonstrations of the Connect platform and development environment and look forward to welcoming you at booth 12.515 (Hall 12).

###

About PayComplete

PayComplete is a global leader in physical finance, dedicated to innovating self-service experiences and operations for both consumers and employees.
