Competitive Features

Large Coin Capacity

Recycle up to 23,400, deposit up to 8,650 coins; fewer CIT pickups, more time between other admin activities

2,000 Coins Processed Per Minute

Efficient coin processing, fast till counts, and quick shift changes

Active Sorting®

Higher throughput thanks to advanced sensor technology

Advanced Sensors

Detect diameter, thickness, magnetic properties, surface and bulk conductivity for more sophisticated sorting

Improved Coin Outlet Chutes

New Y-chute design reduces jams during deposits. A dedicated outlet for each hopper adds another layer of protection from coin jams

Accessible Height

Shorter and more accessible than competitors while maintaining high coin capacity

Separate Access to Upper/Lower Compartments

Increase serviceability and security by restricting access to the coin vault only
